

Help us give hope to those who need it most.

Become an INCTR member today.

The International Network for Cancer Treatment and Research (INCTR) is dedicated to lessening the suffering and limiting the number of lives lost from cancer in developing countries. Often overlooked as a major health problem in such countries, the burden of cancer is, in fact, rapidly increasing and there are presently more deaths from cancer than from AIDS, tuberculosis and malaria combined. INCTR helps to build capacity for cancer prevention, treatment (including palliative care) and research and to improve access to needed care.

INCTR's success depends greatly on the support of a broad range of corporations, institutions and individuals worldwide. And on you. Join the Associate Membership program and participate in ongoing projects, serve on INCTR committees or simply provide financial and moral support. You choose how you would like to be involved. Members receive our newsletter, NETWORK, have access to the members-only section of our web site and are can attend our annual meeting for a reduced registration fee. Join INCTR and help us give hope to those who need it most.

Fax to +32 2 373 93 13 or mail to INCTR at the Institut Pasteur, Rue Engeland 642, B-1180 Brussels, Belgium
